Option 1

Adding to all live listings – Via Bulk Revision

If you wish to add your Seasonal Design to all listings, then you may do this through Bulk Revision.

Please see below an article that will guide you through this process: listings

Option 2

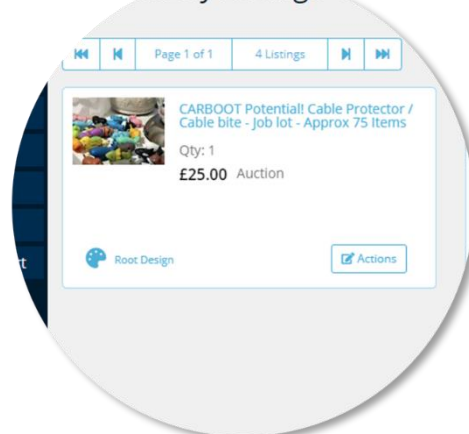

Adding to a single live listing

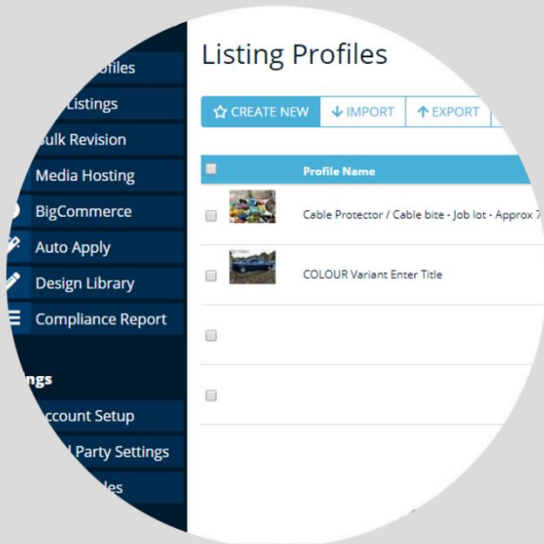

If you would like to add your Seasonal Design to just one listing, or a specific set of items, you could do this directly through the Live Listing area inside of Frooition.

Below is an article which explains how you can do this:

ebay Listings

Option 3

Creating a new item with your Seasonal Design

Finally, if you wish to list a brand-new item to eBay through our listing tool, you may follow this tutorial in order to do this:
